

Home Efficiency Expo

Are you building or remodeling a home?

Check out the expo for efficient construction & energy saving ideas

This **FREE** workshop is open to contractors, builders and the public. Attendees can come and go as their schedule allows.

No registration is required.

"I have attended larger shows, but the exhibitors at the Home Efficiency Expo in Decorah were very knowledgeable and friendly and they offered more one-on-one assistance than what I experienced elsewhere. These dealers were interested in hearing about what I wanted rather than just showing me what they wanted to sell."

*Darby Suckow,
Harpers Ferry, Iowa*

Networking Dinner

A light dinner will be available for attendees. The exhibit booths will remain open for networking and questions.

5:30-6:15 p.m.

**Ken Keune, CPA —
Hacker, Nelson & Co., P.C.**

Federal tax credits for consumer energy efficiency
With all the talk of rebates and tax credits, it's easy to get confused. This session will help answer some common questions people have on the federal tax credits for consumer energy efficiency.

Hacker, Nelson & Co., P.C. provides tax services for businesses and individuals with offices in Decorah and New Hampton. Ken has over 30 years experience in the industry.

7:00-8:30 p.m.

**Ed VonThoma—
Building Knowledge Inc.**

**What matters now! The future of homebuilding—
things to think about and do!**

Ed VonThoma is the President of Building Knowledge Inc. which offers comprehensive training and consulting services to the building industry. Building Knowledge's mission is to cost effectively improve the quality, comfort, durability and energy efficiency of homes by educating the building industry about innovative products and new building trends and techniques.

Ed has over twenty years of experience in the homebuilding industry and during that time has been involved with the design, contracting, construction, sales and marketing of over 10,000 homes.

8:30-9:00 p.m.
